A WEEKLY PAPER—DEVOTED

Vol. XXXI.

FRANKFORT, KENTUCKY

BIG OTIS UNDER THE LIGHT AGAIN.

Frankfort's premier desperado and all-around bad man, "Big" Otis Evans, has been heard from again, after disappearing from the public eye for several months, presumably having been hibernating in one of the numerous caves which he calls home during the interim. He was arrested at Midway Monday for having committed a series of burglaries in the surrounding country, and appears to be in for some rather rough usage at the hands of the law.

Some lawyers contend, though, that as he has been declared insane by a Franklin county jury, and committed to the asylum as a lunatic, that he is now immune, as it were from punishment for whatever offenses that he may be guilty of, and that he has, in fact, been granted a license to steal, or otherwise do just as he pleases. Other learned legal lights state that such a view of the matter is a nonsensical one, and that certainly amenable to the provisions of the Criminal Code, and is dealt with accordingly. The contention is an interesting one, nevertheless, and the outcome will be closely watched by the legal fraternity throughout the land.

OPEN WINTER, MAYBE.

Most of the weather prophets, who seem to hit the mark now and then, are of the opinion that the approaching winter will be an open one, and are giving all kinds of reasons why they so believe. A western prophet states that the best sign in the world is to observe the actions of the beaver and muskrats, which, he declares, have made no preparation this season for a hard winter, though, when one such is approaching, they get very busy.

It is to be sincerely hoped that the prophets are right for once, as the human family in the latitude of Kentucky are vitally interested in the weather of the colder months of the year, the sudden changes to severe cold and stormy conditions being always eminently conducive to sickness, especially in this case in so far as it relates to elderly persons or those cursed with a weak constitution.

GLENN'S CRIME.

Parties who reared a highway robber and Old Taylor might think that since the late robbery for several miles, in a possible condition, and see no prospect for betterment during the winter. The soil, which has been thrown on the county roadway, by the contractors for the Highland Railroad is said to be responsible for the existing state of affairs, as well as the washing of the soil from the hillside and the roadbed of the Highland.

Doubtless the county authorities will take steps to repair the county road at the earliest opportunity, and the people of that section need not, therefore, despair. The track laying on the railroad has now progressed beyond the Big Eddy, and the grade has been practically completed as far as Millville. At this rate, and should weather conditions continue to remain favorable, the route from this city to Versailles will be in operation in a short while.

VICTORY FOR DEFENSE.

When Judge Morris ruled, in the circuit court at Georgetown, on Wednesday, that the second 100 men summoned from Harrison county as jurors in the Powers case, had been improperly summoned, on motion of the defense, and discharged the men, it was a decided victory for the defendant. It has been the contention of the defense, in every one of the trials, that the juries were packed against the defendant, and this decision upholds that contention.

SKY SCRAPER CLIMBING.

The building of the McClure Realty Company, which is rearing its head heavenward at the corner of Main and St. Clair streets, has reached its third story above the surface, and within a short while will have attained such an altitude as will astonish the older inhabitants of the Capital City, who, in the old time conservative age, could not conceive a building being erected in this city that would really go higher than four stories at most.

COL. ED. P. BRYAN'S HEAVY LOSS.

A burglar entered the residence of our old friend, Col. Ed. P. Bryan, at Bound Brook, N. J., one night recently, and got away with over \$1,000 worth of jewelry, etc., among other things, taking Mrs. Bryan's wedding ring.

We sincerely regret to hear of our old friend's loss.

FRANKFORT CONTRACTOR IN GOOD.

Mr. W. H. Moore, a well known and expert carpenter of this city, who did some of the best inside work on the new L. & N. passenger station, has secured a nice contract from Mr. T. J. Harlow, of near Bagdad. He will build a nice residence, to cost \$3,000. "Whit" is a clever fellow and good mechanic, and since he has gone into the contracting business on his own account, is meeting with gratifying success.

FORMER FRANKFORT LADY WINS BIG PRIZE.

In a contest given by the Topeka (Kan.) Daily Capital to the lady securing the highest number of subscribers to that paper, Mrs. Kathryn Crawford (formerly Miss Kathryn Kahr, of this city), was the winner of the Capital prize. Mrs. Crawford promptly donated the splendid \$375 piano to the Teachers Saturday Afternoon Club. So it seems that Frankfort ladies are at the front wherever they go as well as the Frankfort boys. A new program is put on each evening.

GOOD STORY ON MAYOR HUME.

One Sunday, several months since, when the lid was on tolerably tight in Frankfort, Mayor Hume was in a certain place, which contained two other men who were not visible to him or he to them. The men, although strangers to each other, it appeared had a common bond of union in that they were both fond of their toddy. The home man produced a half pint of Old Taylor and invited the stranger to irrigate, but the latter declared he could not think of depriving the other of the enjoyment of the whole half pint, at the same time remarking that he would purchase some afterwards for his own use.

"Better drink now," said the Frankfort man, "We've got a d-n fool Mayor here by the name of Hume, and he allows no selling of liquor on Sundays. Here's your only chance." And they both chanced it. Of course the gentle doctor was an interested, but unseen listener to the foregoing conversation.

LOCAL TOPICS.

If signs were wanting to prove that "it takes a brave heart to smile through an ocean of tears," just a glance at the habitude of State House square at the present time is sufficient to convince the most skeptical of the truthfulness of the foregoing statement.

It has long been the opinion in well-informed circles that the old world had a monopoly on magnificent ruins of the past. But since the recent political upheaval in Kentucky, it is in order to throw aside your dusty volumes of travel and look about you—there are some picturesque ruins visible in these parts just now, and nowhere else are they more in evidence than in dear old Frankfort.

Frankfort is no slow place. There are other towns on the map, to be sure, but when it comes to a show-down, this hamlet on the Kentucky is present with the chimneys all atune and some harmonious sounds to spare. All tastes can here be satisfied, and the tides of pleasure and business alike are ever advancing. No retrograde movement is visible and no cloud of apprehension mars the pleasant prospect which looms up so invitingly in the distance.

Suppose stocks do tumble on Wall street every day, are not "stockings" tumbling all about in Frankfort's has no edge on Kentucky's Capital. skating rinks each night? Gotham

As the time before the inauguration of Governor Willson is now limited, the city authorities should get a move on and see that the town is clean and neat when the distinguished new official takes his seat and the Capital is thronged with people from all over the State. It is a courtesy to the incoming officials and State citizenship that should by no means be overlooked.

HUGHES GETS CONTRACT.

Upon competitive bidding, Mr. Jas. E. Hughes, of Lexington, was awarded the contract to print the decisions of the Court of Appeals for the next two years. This covers only the decisions, ordered reported by the Court Reporter, in which new points are decided, and does not cover all the decisions of the Court, as has erroneously been reported.

However, Mr. Hughes has a big contract on hand.

this being the case it would not be
at all surprising, when the first day
of May rolls around, to see the muni-
cipal authorities boost the price of
C. R. saloon licenses to the figure men-
ed in the first of this article.

Such an ordinance would place the
liquor business in the Capital City
an entirely new basis, and would
reduce the number of saloons in
Frankfort to say ten or twelve places.
Instead of thirty odd as is the present
standing. Many of the saloons on
Broadway and St. Clair street, as well
as in other localities, would cease to
exist, and in all probability there
would be but one left in the West

the public will view such a radical
change remains to be seen, when the
City Council takes the matter up next
April.

BUILDING OPERATIONS SLOWING UP.

While building operations in Frank-
fort have slackened up so some effect,
and some teams and laborers have
been laid off, there is no sign that
the prosperity of the Capital City is
threatened. Alarmists point to the
fact that operations have ceased
until the spring months shall have set
in, as a sure indication that the
zenith of the building and business
boom has been reached, and that the
volume must necessarily grow smaller
from this time forward.

The latter prediction is absurd, as
any one who has studied the situa-
tion at all can not but fail to see.
The conditions are such that even
though a sure enough money panic
should strike the country, it would
not affect Frankfort to an appreciable
extent, as this city will continue to
grow at a rapid rate for years to
come. There is nothing to prevent,
and every sign favors further de-
velopments along all local lines. The
calamity howler has raised up his
voice, but few have hearkened to his
bleatings.

L. & N. SWITCH ON BROADWAY.

Beginning at the intersection of
Broadway and Lewis streets, a new
switch which will enable the numer-
ous passenger trains which arrive
daily at the new Union Station, as
the trainmen and travelers have
designated the recently completed
depot, to run in close to the build-
ing under the shelter of the umbrella
shed, also being built. Almost an
army of workmen are engaged in
building the switch, and they toiled
on through the rains of Wednesday,
as the L. & N. people are anxious to
complete the improvement as speedily
as possible.

her health, and went about the duties
of life as usual until quite recently,
when she visibly declined.

Quietly, serenely she prepared for
the end, and when the white-winged
messenger came, she was not afraid.
As gently as a babe sleeping on
mother's breast, she "fell on sleep."
She was an indefatigable church
worker and the poor and the needy
ever found a faithful friend.

An ardent friend she was always
ready to stand for what she con-

The church and the community has
sustained a terrible loss, and her
friends (of whom we are proud to be
one) will sadly miss her kindly
words and genial smile.

She was the devoted and life-

and the last visit she made before
going to rest was to Mrs. Samuel.

The funeral services were con-
ducted by her pastor, Rev. Jesse R.

Church, on yesterday, the services
being largely attended, and the loved
remains were laid away in the family

GOVERNMENT FLEET STILL AT WORK ON THE KENTUCKY.

The medium stage of water which
has prevailed in the Kentucky river
during the present fall has enabled
the government repair fleet to re-

is usual, and it is not expected to ar-

CANNING FACTORY IN GOOD SHAPE.

The Canning Factory has sold all of the product of its plant for the past season with the exception of about four carloads, and the officials are on a deal with a wholesale grocery house for the disposal of these at fair prices. After the goods are all closed out, which is expected to be in a week, a meeting of the stockholders will be held and a financial report made of the earnings and disbursements for the first season's operations. While it is not expected that a large profit will be shown, the factory will be in splendid shape for a successful and money making run in 1908, and the officials are very much pleased with the outlook.

Weak Kidneys

Weak Kidneys, surely point to weak Kidney Nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organs themselves, but in the nerves that control and guide them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is dark, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month. In a few days or a week you will see what it can and will do for you. Druggists recommend and sell.

DON'T EXPERIMENT.

You Will Make No Mistake if You Follow This Frankfort Citizen's Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Frankfort. Follow the advice of a Frankfort citizen and be cured yourself.

Mrs. C. M. Betts, of 519 Short Street, Frankfort, Ky., says: "My kidneys troubled me for some years, off and on. I tried different remedies, but without obtaining any permanent relief. The pain across the small of my back was often very severe, especially at night before retiring and in the morning when I first arose. There was also a kidney weakness, distressing at all times. I read about Doan's Kidney Pills and the symptoms they were recommended to cure seemed just like mine, and willing to try almost anything to get relief, I went to J. W. Gayle's drug store and got a box. I took them as directed and soon noticed the difference in my condition. The sharp pains and aching disappeared and the other distressing complaints were banished. Doan's Kidney Pills certainly act like magic and the good relief they give is lasting."

STRANGE ADVICE!

Dr. G. G. Green gives alert personal attention to his great humanitarian contract.

"In our Almanac for many years past we have given annual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of our 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchitis or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c.; regular size, 75c. At all druggists."

CIVIL WAR VETERAN GONE.

We give below a dispatch which
tells of the passing over of Mr. Alex
ander Gallion, a veteran of the Civil
war, who lived here for several years
and who married a Miss Mary Bar
ton, of this city. He was an enthusi
astic member of the Odd Fellows:
Lagrange, Ky., Nov. 19.—News has
been received here that Alex. Gallion
died at his home in St. Louis. His
last request was that he be buried
in his G. A. R. uniform, and by his
old comrades. This was followed out
to the letter. He was in Company
F, of the Second Maryland Regiment,
and served throughout the entire
Civil war. He lived in this town for
many years and was a successful
contractor.

affected that death seemed imminent,
when I commenced taking New Dis

SAD NEWS FOR FAMILY.

Mr. Henry Ringold, of this city, re
ceived several telegrams this week
announcing the serious illness of his
son, Mr. Samuel Ringold, who is con
fined in the hospital at San Francisco,
Cal., with tuberculosis.
Young Ringold was a member of
the Exposition Guard, at St. Louis,
Mo.; went thence to Seattle, Wash.,
Portland, Oregon, and other places.
He was a clever and companionable
young man.
We earnestly hope he may recover.
The Riks, of which he is a member,
are looking after him.

MOVERS BUSY.

Within the past two weeks or more
there has been more moving going
on in this section than was observa
ble for years. People in the
country districts, especially, are
changing locations for the coming
season in large numbers, although
many are coming to this city also.
There appears to be a movement
gaining ground among the country
people, however, to stay in the coun
try, and not as many of them as is
usually the case at this season of the
year are coming to town. In fact, a
good many of them are going back
to the farms, after becoming satisfied
they can fare about as well there as
in a city.

STREETS NEED ATTENTION.

The city authorities, instead of
passing a good portion of the time of
each council meeting in silly squab
bles and disagreements, might turn
their attention, with profit to them
selves and the community at large,
to improving the condition of some
of the streets on both the north and
south sides of the river. The recent
rains, which, by the way, were not
of a torrential character, laid bare the
fact that many of them were almost
in the same condition as a country
mud road. Needed repairs should be
made at once and before the wintry
weather prevents such operations.

You can't be well if you have a
weak, unhealthy, tired out stomach.
Neither can you feel good if by some
little irregularity in eating you have
caused the stomach to get out of
order. These little stomach troubles
are signs of indigestion, which may
and very often do turn into a very
bad case of dyspepsia. Don't allow
this to go on a single day without
doing something to overcome it.
Take some good reliable and safe
digestant like Kodol for dyspepsia.
Kodol is the best remedy known to
day for heart burn, belching and all
troubles arising from a disordered di
gestion. It is pleasant to take and
affords relief promptly. Sold by South
